Just as most of us check the weather before we leave the house, a good 30 percent also check their daily horoscope. This mini day-to-day calendar makes it easy, offering a short astrological reading each day. Just like a weather forecast lets you know whether it's an umbrella day, a stop light in the appropriate color on each page lets readers instantly know whether to go fearlessly forward, proceed with caution, or stop altogether. Also included are dollar signs to indicate a good money day and hearts to indicate a good love day. Written by astrology expert Jill Goodman, this calendar will satisfy those passionate about their horoscope as well as the more casual reader.
