"Über den Autor und weitere Mitwirkende Dr. Monte Lai is formerly a professor of biophysics at the Medical College of Wisconsin, where his research focused on the field of free radicals in biology and medicine. Most recently, he was CEO of the pharmaceutical Medinox, Inc, focusing on the design and development of new pharmaceutical drugs. For the past two decade he has been at the forefront of the research on the pros and cons of therapeutic drugs in treating diseases and conditions. Currently he devotes his time to educating the public and medical community on ways to improve health and wellbeing."
