"Reseña del editor Create powerful images while learning the basic principles in photography. My Photography Toolbox will guide the players on how to take stylish photographs. Each card will coach you on the secrets of visual language and will enhance your creativity. This game is perfect for all those who take pictures regularly and would love to improve their skills. It displays 30 visual principles and enables you to play with tools that smartphones or digital cameras don't provide, such as the psychology of forms. Because photography is everywhere, this is a must-have game for its style, easy rules, valuable rewards and ludo-didactic features that allow you to learn while playing in teams or individually. The box includes two games. 1. BE A MASTER: to create an image based on a photography genre and four given rules. 2. REFINE YOUR EYE: to discover the rules in existing photographs. Each has a different goal: make a powerful photograph in less than 20 minutes, or discover the rules of photography connecting images and concepts. Contraportada A game for creating powerful images

while learning the basic principles of photography. Perfect for those who take pictures regularly and creative social media users who would love to improve their skills. Enables you to apply the ?tools? that smartphones or digital cameras can?t provide, like soul.

The game consists of 72 cards divided into five categories: Genre, Composition, Fundamentals, Principles and Attitude. Each card will coach you on the secrets of visual language and will enhance your creativity. It displays 30 visual principles and enables you to play with tools that smartphones or digital cameras don?t provide, such as the psychology of forms. Because photography is everywhere, this is a must-have game for its style, easy rules, valuable rewards and ludo-didactic features that allow you to learn while playing in teams or individually. The box includes two games. 1. BE A MASTER: to create an image based on a photography genre and four given rules. 2. REFINE YOUR EYE: to discover the rules in existing photographs. Each has a different goal: make a powerful photograph in less than 20 minutes, or discover the rules of photography connecting images and concepts. Biografía del autor Rosa is an interdisciplinary writer, media and games content designer. She has set up international training workshops and festivals and has taught and researched at institutions like Universitat de Vic - Universitat Central de Catalunya (2005-2016). Lenno Verhoog is a researcher in Creative Practices. He is also a course leader of Image & Media Technology at HKU-Media. He has contributed to a wide range of projects on data visualisation, interactive installations, online applications and the Dutch Electronic Art Festival (DEAF)."
